Election

Even the elements seemed bent on sending the Republicans into oblivion Tuesday, for practically every variety of inclement weather was doled out that election day. There was downpour of rain, snow, sleet and hail, cold, with a goodly accompaniment of wind. Brrr! What a day! Then on top of that their arch enemies, the Democrats, were waiting with scalp knives to add to their discomfort.

Frederic township was the bright spot for the Democrats, the latter candidates from Governor to Coroners having fairly good majorities.

But an old proverb that says "He who laughs last, laughs best" proved true when results of the voting began to be revealed.

Grayling township furnished the earliest cheering news to the "minority" party adherents. The straight tickets revealed 52 straight Republican and 17 straight Democratic ballots, with Fitzgerald, Republican candidate for governor, leading the Democratic incumbent 108 to 48. All the way down, the Republicans of that township showed proportionate leads.

Outside reports began trickling in, all indicating Republican victories throughout the state. While Gov. Murphy showed small majorities in Wayne county, his opponent, Frank D. Fitzgerald, was piling up huge votes in all parts of the state. Reports were conflicting in many instances, and often appeared incredulous, but the final records proved a complete annihilation of the state Democratic state and district tickets.

In the county, some anxious hours were spent as the vote counting progressed. Carl J. Jensen, democrat, was giving the present incumbent, William Ferguson, Republican, the stiffest battle of his career. At times a bet on either candidate didn't look inviting. Mr. Jensen has always been a good vote getter and the fact that Mr. Ferguson has held that office several years appear to be the main causes of Mr. Jensen's flattering vote. Mr. Ferguson is, in our opinion, the most

competent treasurer Crawford county has ever had, and most voters have learned to know that, for the public, this is most important.

And for a while County Clerk Axel Peterson, Democrat, wasn't feeling any too secure. His Republican opponent, Clarence (Tony) Gross, was piling a large vote. Mr. Peterson has served many terms and because of that, has gained a wide and favorable acquaintance throughout the county. While Mr. Gross was born in Grayling he hasn't pushed himself before the public before and should feel that he made a good run under the conditions. Both candidates are fine young men.

The wheel-horse for the Democratic party was Orel (Blackie) Levan, the party candidate for the office of sheriff and the Democratic county chairman. In the language of the state, "he put up a lively campaign." He appeared to work hard for his success at the polls and for that of his fellow party candidates. John A. Papendick, Republican, for sheriff, proved to be the popular candidate among the home county aspirants, leading his party with a vote of 982, leaving his opponent trailing with only 375. The advent of Clyde Peterson into the sheriff campaign, running on slips, apparently had little effect on the results, he garnering but 62 votes in the county. Clyde is a fine young man but, as we tried to explain to him in the beginning, that a slip candidate had little chance.

For prosecuting attorney, Merle F. Nellist, Republican, had no opposition. Likewise Democratic candidates Ronnow Hanson, for register of deeds, Dr. Stanley A. Stealy and Clayton McDonnell, for coroners and E. L. Houghton, Republican, for surveyor, had no opposition in the election.

For congressman, 10th district, the present incumbent, Roy O. Woodruff, Republican, lead his opponent, Harold C. Bellows, Democrat, by 785 to 561. He was easy victor in the district, and next January will begin his 21st year in Congress. William Green, Republican, smeared Frank P. Buza, Democrat, the present incumbent in the office of representative in the state legislature, by a vote of 820 to 546. Two years ago Buza defeated Green. The latter had,

according to reports, a majority in the district of over 1,000.

In the absence of reports from out in the district, we assume that Miles M. Callaghan, Republican candidate for state senator in the 28th district, was elected. We can give no figures. He was easily elected. The Crawford county vote was Callaghan 754, Doherty 564.

A tabulated report of the voting in the city and each township follows:

ARRESTED FOR VIOLATING GAME LAWS

John Stephan paid a fine of \$50.00 and costs in Justice court Wednesday morning, having been arrested for having venison in his possession.

Laddy Harrison will appear for trial next Monday morning in Justice Petersen's court, on a game violation count. He plead not guilty Monday morning on being arraigned, after being arrested for having a gun in his car and for having buckshot on his person in deer territory.

Boxing Tournament Postponed

The boxing tournament that was being sponsored by the local chapter of the Izaak Walton League which was to be staged in Grayling during the deer hunting season for the entertainment of the hunters, has been called off due to the contestants being boys from the local CCC camps and the desire of their officers to keep the boys in camp at this time while contagious diseases are so prevalent.

Yours very truly,
R. A. Wright.

Womans Club

The first meeting of the Grayling Woman's club met Monday evening at the home of Mrs. C. J. McNamara. Thirty-six members responded to roll call by relating a summer vacation experience. After the greetings of the new president, Mrs. Stanley Stealy, Miss Martha Johnson entertained the club with two piano selections.

A social hour followed, with Mrs. Frank Bond, Mrs. Nick Schlotz, Mrs. Holger Peterson and

Miss Eleanor Tumath assisting Mrs. McNamara with a delightful lunch at the close of the evening.

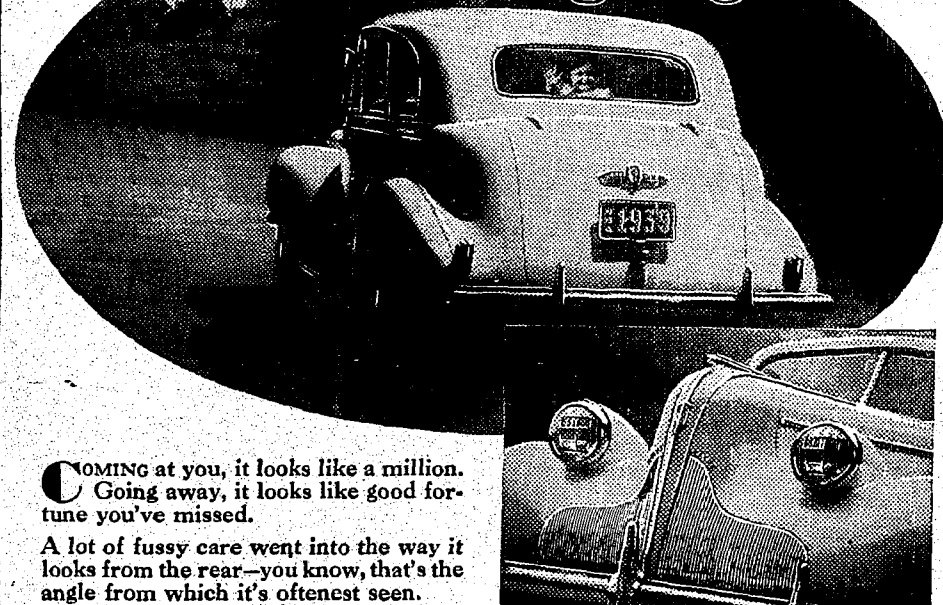

WILL CELEBRATE ARMISTICE DAY

Observing the 20th anniversary of the signing of the Armistice, members of Grayling Post 106 and the Legion Auxiliary and their husbands and wives will stage a celebration Friday night.

The festivities will begin with a parade at 9:30 o'clock, the line of march forming at the Legion hall.

Dancing will be indulged in during the remainder of the evening, followed by a lunch.

Here's one worth going after!

COMING at you, it looks like a million. Going away, it looks like good fortune you've missed.

A lot of fussy care went into the way it looks from the rear—you know, that's the angle from which it's oftenest seen.

Going or coming, it moves like a honey bee about its business. Better look quick if you really want to see it—one sudden "sw-o-o-sh!" and it's gone!

How about it—is this stunning 1939 Buick really as lively as it looks?

Maybe a bullet gets off faster. Maybe a rabbit can beat it on the jump or a sky-liner lead it from point to point.

But you'll never want a highway cruiser that answers quicker to the green light's "go"—or that with keener relish eats up the pleasure-packed miles.

That bonnet houses a full complement of eight cylinders, and Dynaflex cylinders at that. All four wheels dance on Buick Coil springing of stout spiraled steel; no quiver or shiver shakes the luxurious body in its flight.

You'll see the world—lots of it—for this sightly Buick now parades the passing panorama through windows with up to

413 more square inches of outlook than before.

Other things you'll like: A gearshift out of knee-way. Front wheels that "bank" the curves for you. Brakes that stop on a dime—and leave nine cents change.

In fine—we think you'll like all of it—from its looks to the way it lives up to them. Won't you try it out—and see?

THURSDAY, NOV. 10, 1938

REFLECTING on the result of Tuesday's election, listening to local comments, we believe that Gov. Murphy's defeat and the defeat of the Democratic state officers is largely because of the industrial disturbances in Michigan. The first sit-down strikes, that occurred soon after Gov. Murphy took office, were permitted to continue for several months. The blame for their continuation is laid directly at the door of the Governor. His alibi that this was to be preferred to bloodshed, can hardly be condoned, for the strikers stated, right during the midst of their activities, that they would abandon the auto plants if Gov. Murphy requested it. People have wondered why he didn't do so. Instead of having the National Guard on duty to protect the properties of the auto manufacturers and those who wanted to work, and the citizens generally, it appeared that they were there to protect the strikers instead. The people don't forget those things. One high ranking National Guardsman told us personally that they could have removed the strikers within a half hour without turmoil or injury to anyone. Instead, the Governor permitted autos with loud speakers to race all over the city passing out insulting remarks to workers and citizens generally. Gov. Murphy could have stopped this by a command, but he didn't do so. Many things developed from these first sit-down strikes that don't seem to have been in the interest of good government. Labor has its rights, but those rights must not jeopardize the rights of others; honest workers didn't ask for privileges that are unfair. Gov. Murphy didn't seem to be doing a thing about it except to hold conferences and consult Washington. Then the Lansing business tie-up—that was a "beaut". The Governor threw up his hands, as much as to say, "I can't do anything about it." What an attitude! But the college boys at East Lansing knew how to cope with the situation. They threw the leaders into the river and dispersed the others. The people haven't forgotten these things. Then there is the tremendous waste in government due to the large increase in state employees, giving jobs to "deserving" Democrats apparently to reward them for political favors. The Governor could have prevented much of this had he wanted to do so, we feel certain. There are many more things that could be mentioned that didn't strike us as having been handled as a good governor would have handled them. Yes, we feel that the Governor and his state officers got just what they deserved when they were overwhelmingly defeated. And if the Republican administration don't give us a whole lot better administration, they too should be kicked out. However we have a lot of confidence in Mr. Fitzgerald and the other newly elected state officers and will stick by them just as long as their actions merit it.

Deer Hunting Season Opening Next Tues.

Deer hunting season will open Tuesday and already hunters are beginning to make their appearance. House trailers are beginning to arrive and camps being set up so as to be ready for the opening day.

It is doubtful if the red caps will be greeted by snow, as northern Michigan has been treated to very little cold weather so far this fall. Tuesday there was a cold rain followed by slight snow flurries, but Wednesday dawned bright and clear again.

It has been reported that there are numerous deer in the wilds of the north, so no doubt many nimrods will be filling their licenses, and those who do not will enjoy the exhilarating air of the northwoods.

TO INSTALL NEW SYSTEM AND ESTABLISH NEW RATES

A meeting has been called by the Tri-County Telephone Co. to be held on Saturday, November 12th, at the offices of the Michigan Public Utilities Commission, Lansing, for the purpose of presenting a petition to increase and modify the telephone rates, rentals and charges at the Grayling exchange.

The most common increases are as follows:

Individual line from \$2.00 to \$3.50 per month.

Two-party line from \$2.00 to \$2.75.

Residence—Individual line from \$1.50 to \$2.50.

Four-party line from \$1.25 to \$2.00.

A complete list of rate changes was published in last week's edition of the Avalanche. Those interested and the general public are invited to attend this meeting in Lansing.

A new dial telephone system is about to be installed and until such time, which will probably be some time next summer, the present rates will continue. The company is contemplating the expenditure of an estimate of about \$40,000.

Candidates Thank The Voters

I certainly am happy over my election to the office of sheriff of my home county. I wish to sincerely thank my friends who worked for me and who voted for me, both in the primary election and the election last Tuesday.

The fine large vote given me assures your confidence and I can only accept the responsibility with the hope that I can justify it. I will try to be a good official.

Sincerely yours,
JOHN (Jack) A. PAPENDICK.

While I didn't win the election for county clerk, still I most sincerely thank those voters who gave me their support. Two campaigns meant a lot of work and sacrifice, but I feel that it was worth it. Whenever I want I made new friends, and that's a lot. I have only good things to say for everyone, including my opponent. It is my wish to serve the public in that office some time and I'm glad I made the attempt this time. Thank you all.

Sincerely yours,
CLARENCE (Tony) GROSS.

I wish to thank the voters of Crawford county for the splendid support given me at election Nov. 8th. I will attempt to give the same service as in the past.

WM. FERGUSON.

Altho having no opposition in the election of November 8th, it is with great appreciation that I extend my thanks to the voters of Crawford county for the fine vote accorded me.

RONNOW HANSON,
Register of Deeds.

I wish to thank the voters of Crawford county for the fine vote accorded me in the General Election November 8th. It was deeply appreciated and I hope to merit this support.

Thank you,
AXEL M. PETERSON,
County Clerk.

25 MILLION FISH

Because Michigan is famed for good fishing, the state conservation department goes to elaborate preparations each year to restock our lakes and streams.

Workers began the perennial task this week of distributing 24,803,000 small fish—brook trout, brown trout, rainbow trout, bluegills and black bass. Perch planting will be done in December.

Increased pollution of streams due to industrial waste is a serious handicap to efforts of the conservation department to replenish the fish life for tourists. The state stream control commission, headed by Highway Commissioner Murray D. VanWagoner, received a report from Secretary Engineer Milton P. Adams that several beet companies have been ordered to submit plans for adequate waste disposal by February, 1939, and to have plants in operation by October, 1939.

Observes Parcel Post Silver Jubilee

The Postmaster General having designated November as National Parcel Post Month to commemorate the Silver Jubilee of the establishment of Parcel Post, Insured and C. O. D. mails, the Grayling Post Office is observing this twenty-fifth anniversary in a manner that is worthy of the occasion, beneficial to the public, and which will result in increased revenues because of a better dissemination of the many advantages of parcel post not generally known.

The parcel post service was inaugurated after persistent demand for a transportation system for merchandise between rural areas and congested centers. It was the hope of the proponents that it would prove attractive to the agrarian population for the shipment of small farm products direct to the kitchen table. While the farmer has shown more or less indifference to its obvious advantages for the forwarding of his commodities, its early success was nevertheless assured because of its extensive patronage in the centers of industry. In this campaign the Post Office department hopes to increase its use in the towns and the country areas.

It has been but a brief span since the first parcel was mailed in 1913, yet, in that period parcel post by virtue of its dependability, security, convenience, and low cost, has not only interwoven its fibres into the basic fabric of the postal system and developed into a vital artery in the field of merchandise transportation, but also established itself as an indispensable attribute to the modern commercial, industrial and domestic life of the nation.

The importance of the service in the postal scheme is attested by the fact that as a source of revenue, Parcel Post, with its collateral services, insured and C. O. D. mails, is second only to first class mails. The receipts last year were approximately \$144,000,000, twenty percent of the gross postal revenues. This represented postage and fees on approximately 700,000,000 parcels an average of more than two and a quarter million each working day.

Persistent demands for more and better service have resulted in raising the limits of weight and bulk; modification of rates; general expansion of facilities; new buildings; more trucks. The Department has ever kept abreast of the needs of the times and today is equipped to handle twice the volume now mailed. While the mailings are 30% greater than even five years ago, still the Post Office Department is seeking an even larger increase.

Parcel post is unique, in that it will transport merchandise from "anywhere to everywhere," at rates within the reach of everybody, with utmost security. No other agency affords the coverage or convenience of Parcel Post with 45,000 post offices and 35,000 rural routes covering 1,280,000 miles every day. It should be enlightening to the public to know that most parcels weigh 5 pounds or less and are destined to nearby points and that more than one half of all parcels mailed carry 15c or less postage. Larger sizes are carried for comparably low rates.

Inquire today at your local post office for information pertaining to the many advantages of the domestic and international parcel post service. Perhaps you are unaware of low postage rates based on the service rendered; the complete services provided by the insured and C. O. D. part of the parcel post service; and the extent and the low rates of the international parcel post service.

• The new cars in the Ford Quality Group for 1939 give you a broad choice. Whichever you choose, whatever you pay, you'll get top value for your money. That is true of the lowest priced car or the highest. All have one important thing in common—inherent quality.

Their quality comes from fine materials, precision workmanship, and from the fact that back of these cars is the only automobile plant

of its kind—where production processes are controlled from iron ore to finished car—and savings passed along as extra value.

Things are happening in the automotive world this year! Nowhere is the advance more marked than in the Ford Quality Group. See our dealers before you buy any car at any price.

Red Cross Nurses Aid Million Sick

Red Cross public health nurses made more than one million visits to or on behalf of the sick during the fiscal year 1937-38.

The patients live in mountain communities, on islands off the coast, in isolated swamp regions, and in crowded industrial sections. During the same period the nurses inspected 559,187 school children for health defects in cooperation with local physicians, and gave instructions in home hygiene and care of the sick to 58,754 mothers and young girls.

Local Red Cross Committee Meeting

Meeting was held at the home of President Mrs. Helen Clippert, Wednesday afternoon, Nov. 2nd, for the purpose of discussing plans for the coming year's work and 1938 Roll Call. Thirty members were present.

Probate Judge Charles Moore, first gave a short talk on his work in Crawford county, and reports of the past year. The most startling part of it was to learn that 43% of the population of Crawford county are receiving Welfare aid. The allocation given him for his work is very small and he stressed the need of clothing and bedding, particularly in homes where there is sickness.

The secretary reported on last year's work, same having appeared in the columns of the Avalanche prior to this meeting and reported a balance of \$112.30 on hand.

A fine report was handed in by Mr. Gerald Poor, chairman of Junior Red Cross, and showed a slight deficit, which will be made up this year. The Junior Red Cross is the American Red Cross in the schools of the nation. Its purpose is to promote health, to develop altruistic tendencies in children, to give practice in good citizenship, and to promote international friendliness.

A committee of seven volunteered to gather clothing and bedding and help Mr. Moore with his work. Periodical reports of this work are to be made to the executive committee.

It was voted to again make a contribution to the milk fund of Grayling schools and to carry on with First Aid at the Winter Sports park, with the assistance of the Boy Scouts, following the same plans of the last two years.

The President reported that classes giving instructions in first aid work are to start very soon. Supplies and materials are on hand.

Appropriation was also made for purchasing material for layettes.

At the close of the meeting coffee and doughnuts were served by the hostess.

This year, as always, the Roll Call will be held from November 11 thru to Thanksgiving day, and it is hoped that all present members will renew their membership, and that many others will join in what we know to be far-reaching and worthwhile efforts to benefit the community,

and thereby work toward a better country and a better citizenry. Last year, the 21st Roll Call, Crawford County held seventh place. Let us keep it there. When the workers call upon you, respond willingly, bearing in mind that only 50 cents of each membership goes to headquarters. The balance remains in the county chapter. Contributions, no matter how small, are gratefully accepted.

Do your bit and help carry on. Join the 1938 Red Cross roll call. Let's go!

To Assist County in Snow Removal

The state highway department recently sent vouchers totalling \$200,000 to Harold D. Smith, state budget director, for payment to 41 northern Michigan counties to assist them in snow removal activities.

This action by State Highway Commissioner Murray D. Van Wagoner was in accordance with an appropriation made at the special session of the legislature last year. Only those counties with a snow fall of 60 inches or more are eligible for this assistance from the general fund. All locations are made on a basis of the amount of snow fall and mileage of county roads.

Crawford county is among the eligible ones and will receive \$3,438.64.

HINTS TO DEER HUNTERS

Lansing, Nov. 6—While stalking a deer, don't walk with the wind at your back, is the advice of state game investigators to hunters.

A deer's hearing and scent are excellent. A hunter who attempts to stalk a deer with the wind blowing towards the animal, is not likely to have much success because the deer frequently can pick up the man's scent before he gets within range for a shot. A deer strives to run into the wind whenever possible so that its nose can appraise it of an enemy ahead.

A deer also may have different beds for different winds. They often make a bed on the edge of a woods so that they can look out across an open space. With the wind blowing across the open space towards them they depend on their scent to warn them of something approaching from that direction, while they rely on their hearing to tell them of something coming through the woods behind them.

THANKS THE VOTERS

I wish to hereby thank the voters of Crawford county for the fine vote they gave me for the office of County Treasurer. Although I did not win, the result is very pleasing. I hope and expect to be a candidate again for that office.

Yours very truly,
CARL J. JENSON.

SCHOOL NEWS

A tour of the grade rooms discloses varied and interesting activities under way. Miss Tapio's kindergarten has made a playhouse out of wood and cardboard that is big enough to have furniture in it. The roof isn't finished yet but the weather has been so nice that it didn't matter. There is also a rock garden of very considerable size, and commendable artistic proportions.

In Miss Anderson's first grade an Indian project is under way. The sand box houses a very neat Indian setting, complete to lake and shore, canoes and wigwams. A full sized wigwam is planned also. Indian units are popular at present, with Miss Fyvie's room and Miss Dulong's room also working on similar projects. Miss LaFave's second graders are preparing a movie film to be "run" on a scroll which will show the landing of the Pilgrims, the Indians, and the first Thanksgiving.

Miss Wollmer's fifth and sixth grade pupils have on display samples of the cotton plant and the peanut, as well as some New England harvest and Thanksgiving scenes. Miss Douglas' fifth grade has a fine new health chart that is the center of interest, and Miss Geedey's sixth graders have on display a collection of about fifty Michigan rocks that have been obtained by the school from the Conservation Department. Samples of grains and of flours, as well as the ingredients used in bread making are also making the rounds of the rooms.

The annual Red Cross drive will soon begin in the school, with posters being already up and the campaign ready to open with enthusiasm. The usual 100% school enrollment is confidently expected.

A new girls' club has been organized and is starting off with great enthusiasm. Miss Tumath is in general charge, but Miss Anderson and Miss LaFave are actively engaged in helping the club. A varied program is planned and the girls are going to have a lot of fun, as well as learn some new things. The wants of the girls are being considered in drawing up a program. A name has not yet been selected for the new club but officers were elected. They are as follows:
President—Natalie Peterson.

Vice President—Mary Jane Joseph.
Sec. Treas.—Frances Rutkowski.

The Hi-Y club had its first meeting of the year Monday night when the members had a social evening playing games at the schoolhouse. An election of officers was held with the following results:

President—William Moshier.
Vice President—Wright Merrill.
Sec. Treas.—John Deckrow.
Adviser—Mr. Poor.
The club is open to boys in the upper two grades. It is informal and is designed to promote fellowship as well as constructive school citizenship.

South Side School

First Grade & Kindergarten.

The following children were neither absent or tardy for the month of October:

James Case, Melvin Marshall, William Robarge, Jean Burr, Jacqueline Kolka, John Kolka and Loretta Robarge.

The First Graders are learning "Be Thoughtful" a poem by Esther Lee Carter, and we are all practicing the theme.

Thoughts of Thanksgiving inspire us to decorate our room with pictures of Pilgrims, turkeys and pumpkins.

Miss Patten.
